### Kraća akademska biografija

- 1989. godine diplomirao na Arhitektonskom fakultetu u Sarajevu
- 1997. godine izabran u zvanje asistenta na predmete Tehnologija građenja, Organizacija i planiranje građenja
- 2004. godine odbranio Magistarski rad "*Tehnološki postupci i pristup sanaciji i rekonstrukciji objekata austrougarskog perioda*" (sa posebnim osvrtom na međuspratne konstrukcije) na Arhitektonskom fakultetu u Sarajevu
- 2005. godine izabran u zvanje višeg asistenta na predmete Tehnologija građenja, Organizacija i planiranje građenja
- 2010. godine odbranio doktorsku disertaciju pod naslovom: "*Definiranje i modeliranje životnog ciklusa arhitektonskih objekata*" na Arhitektonskom fakultetu u Sarajevu
- 2011. godine izabran u zvanje docenta na naučnu oblast Arhitektonskih konstrukcija i tehnologiju građenja
- 2015. godine izabran u zvanje vanrednog profesora na naučnu oblast Arhitektonskih konstrukcija i tehnologiju građenja
- 2021. godine izabran u zvanje redovnog profesora na naučnu oblast Arhitektonskih konstrukcija i tehnologiju građenja

### Uže područje nastavno-naučnog i stručnog djelovanja

Tradicionalne i savremene tehnologije građenja, savremeni i tradicionalni materijali u arhitekturi, organizacija i planiranje građenja, upravljanje i realizacija projekata, graditeljsko naslijeđe, edukacija i istraživanje

### Nastavni predmeti

1. "Materijali u arhitekturi", (obavezni, I ciklus)
2. "Projektovanje organizacije i planiranje građenja", (obavezni, I ciklus)
3. "Projektovanje tehnologije građenja", (obavezni, I ciklus)
4. "Realizacija projekata-inženjerski konzalting", (izborni, II ciklus)
5. "Rekonstrukcija zidanih objekata", (izborni, II ciklus)
6. "Visoki objekti u arhitekturi", (izborni, II ciklus)
7. "Životni ciklus objekta u teoriji i praksi", (izborni, III ciklus)
