

1st International Scientific Conference HURBE2021

Making healthy cities for people.

Education, research and practice in planning, architecture, and engineering.

Venue | Faculty of Architecture of University of Sarajevo | Address: Patriotske lige 30, 71 000 Sarajevo, BiH | 3rd floor, room no 309

4TH OCTOBER 2021

08:45 – 09:30	Registration														
09:30 – 10:00	Opening speech Francesca Giofrè Conference Chair and Hurbe Project Coordinator Sapienza University of Rome, Faculty of Architecture IT														
10:00 – 12:00	Welcome to HURBE2021 Faculty of Architecture of University of Sarajevo Italian Embassy in Sarajevo H.E. Ambassador Marco Di Ruzza Centre for Information and Recognition of Qualifications in Higher Education, BiH Dženan Omanović , Ministry delegation Ministry of University and Research, IT Federico Cinquepalmi , Director of the internationalization of higher education sector Federal Ministry of Health, BiH Dženita Hukić , Ministry Delegate Mediterranean Universities Union UNIMED Marco Scalise , Director of UNIMED European Association for Architectural Education EAAE Oya Atalay Franck , President of EAAE														
12:00 – 12:15	<i>Coffee break</i>														
12:15 – 13:00	Massive HURBE Open Online Courses, Samir Lemeš and Mohamed El Edeisy , Steering, Scientific and Organizing Committee														
13:00 – 14:30	<i>Lunch break</i>														
14:30 – 16:30	Session 1 “Healthy spatial planning” Chairpersons: Elena Dimitrova and Milena Tasheva-Petrova <hr/> <table><tr><td>Antonluca Di Paola</td><td>Rethinking the urban and territorial space</td></tr><tr><td>Edin Hrelja, Amina Sivic, Aida Korjenić and Amra Banda</td><td>Spatial planning of the green infrastructure of the city of Sarajevo</td></tr><tr><td>Acasandre Andreea and Enache Cristina</td><td>Facing dystopia. Teaching landscape urbanism in an ever-changing society</td></tr><tr><td>Vedad Islambegović and Ibrica Jašarević</td><td>Estimating environmental impact of informal settlements in Sarajevo, after 1996.</td></tr><tr><td>Georgi Georgiev and Maria Shishmanova</td><td>Shrinking cities - building regional and local sustainability through valorization of the Danube cultural heritage</td></tr><tr><td>Bernardica Milićević</td><td>Space as a basic framework for the tourist development of the Herzegovina-Neretva country</td></tr></table>	Antonluca Di Paola	Rethinking the urban and territorial space	Edin Hrelja, Amina Sivic, Aida Korjenić and Amra Banda	Spatial planning of the green infrastructure of the city of Sarajevo	Acasandre Andreea and Enache Cristina	Facing dystopia. Teaching landscape urbanism in an ever-changing society	Vedad Islambegović and Ibrica Jašarević	Estimating environmental impact of informal settlements in Sarajevo, after 1996.	Georgi Georgiev and Maria Shishmanova	Shrinking cities - building regional and local sustainability through valorization of the Danube cultural heritage	Bernardica Milićević	Space as a basic framework for the tourist development of the Herzegovina-Neretva country		
Antonluca Di Paola	Rethinking the urban and territorial space														
Edin Hrelja, Amina Sivic, Aida Korjenić and Amra Banda	Spatial planning of the green infrastructure of the city of Sarajevo														
Acasandre Andreea and Enache Cristina	Facing dystopia. Teaching landscape urbanism in an ever-changing society														
Vedad Islambegović and Ibrica Jašarević	Estimating environmental impact of informal settlements in Sarajevo, after 1996.														
Georgi Georgiev and Maria Shishmanova	Shrinking cities - building regional and local sustainability through valorization of the Danube cultural heritage														
Bernardica Milićević	Space as a basic framework for the tourist development of the Herzegovina-Neretva country														
16:30 – 17:00	<i>Coffee break</i>														
17:00 – 19:10	Session 2 “Healthy spatial planning” Chairpersons: Elena Dimitrova and Milena Tasheva-Petrova <hr/> <table><tr><td>Giorgio Caprari</td><td>Giscience for healthy urban regeneration. a case study in Rome</td></tr><tr><td>Mila Yolova</td><td>Involving teenagers in an inclusive planning process for healthy urban environment in Sofia, Bulgaria</td></tr><tr><td>Francesca Silvestrini</td><td>Quality, environmental comfort and safety in public spaces</td></tr><tr><td>Sanja Gašparović and Mihaela Sladović</td><td>Towards a more walkable city – case study Savska street in Zagreb</td></tr><tr><td>Marco Aciri, Saša Dobričić and Maja Debevec</td><td>Urban corridors as common pool resources: the case of nova Gorica and Rijeka</td></tr><tr><td>Vladimir Mihajlov, Ivan Simic and Aleksandra Stupar</td><td>Rising the significance of green infrastructure in Belgrade, Serbia: Pedestrian and bicycle mobility changes during the COVID-19</td></tr><tr><td>Erona Bexheti</td><td>Architecture in epidemic/pandemic conditions: towards a protocol for the resilient city</td></tr></table>	Giorgio Caprari	Giscience for healthy urban regeneration. a case study in Rome	Mila Yolova	Involving teenagers in an inclusive planning process for healthy urban environment in Sofia, Bulgaria	Francesca Silvestrini	Quality, environmental comfort and safety in public spaces	Sanja Gašparović and Mihaela Sladović	Towards a more walkable city – case study Savska street in Zagreb	Marco Aciri, Saša Dobričić and Maja Debevec	Urban corridors as common pool resources: the case of nova Gorica and Rijeka	Vladimir Mihajlov, Ivan Simic and Aleksandra Stupar	Rising the significance of green infrastructure in Belgrade, Serbia: Pedestrian and bicycle mobility changes during the COVID-19	Erona Bexheti	Architecture in epidemic/pandemic conditions: towards a protocol for the resilient city
Giorgio Caprari	Giscience for healthy urban regeneration. a case study in Rome														
Mila Yolova	Involving teenagers in an inclusive planning process for healthy urban environment in Sofia, Bulgaria														
Francesca Silvestrini	Quality, environmental comfort and safety in public spaces														
Sanja Gašparović and Mihaela Sladović	Towards a more walkable city – case study Savska street in Zagreb														
Marco Aciri, Saša Dobričić and Maja Debevec	Urban corridors as common pool resources: the case of nova Gorica and Rijeka														
Vladimir Mihajlov, Ivan Simic and Aleksandra Stupar	Rising the significance of green infrastructure in Belgrade, Serbia: Pedestrian and bicycle mobility changes during the COVID-19														
Erona Bexheti	Architecture in epidemic/pandemic conditions: towards a protocol for the resilient city														
19:10 – 19:30	Conclusion of sessions Zoran Đukanović, International Scientific Committee, Discussant														
19:30	Closure of day 1														

1st International Scientific Conference HURBE2021

Making healthy cities for people.

Education, research and practice in planning, architecture, and engineering.

Venue | Faculty of Architecture of University of Sarajevo | Address: Patriotske lige 30, 71 000 Sarajevo, BiH | 3rd floor, room no 309

5TH OCTOBER 2021

09:00 – 09:10	Chair speech Francesca Giofrè Conference Chair and Hurbe Project Coordinator
09:10 – 10:50	Session 1 “Healthy urban and architectural design” Chairpersons: Senaida Halilovic and Mohamed El Edeisy
	Christina Conti, Mickeal Milocco Borlini and Ambra Pecile Healthy and inclusive cities. Overcoming architectural barriers, in the social, safety, and health spheres of the urban - human interaction systems.
	Peter Petrov Public spaces in a pandemic. Peripheral Danubian cities
	Mariya Badeva Placemaking as an instrument for psychological wellbeing and urban health
	Elisa Pennacchia and Virginia Adele Tiburcio Towards a healthy city: urban and architectural strategies for age-friendly design
	Mia Roth-Čerina and Vanja Rister The Open-Air School Revisited – Architectural Strategies for Healthy Learning Environments
10:50 – 11:10	<i>Coffee break</i>
11:10 – 12:50	Session 2 “Healthy urban and architectural design” Chairpersons: Vesna Mikic and Mohamed El Edeisy
	Arta Basha-Jakupi and Kaltrina Osmani Reconstruction of the urban pattern: transforming the meaning of architectural space through individuality and belonging
	Elisa Biolchini Learning from COVID-19 Analysis of urban and housing design's influence on users
	Angela Bruni The project of an urban interior in a modern neighborhood of Rome: Primavalle
	Maria Shishmanova and Georgi Georgiev Danube Cultural Heritage - a tool for developing of local opportunities and exposing Danube culture
	Vedad Islambegović Challenges of creating a low-energy house in Bosnia and Herzegovina, case study: house VLHS
12:50 – 14:20	<i>Lunch break</i>
14:20 – 15:40	Session 3 “Healthy urban and architectural design” Chairpersons: Senaida Halilovic and Vesna Mikic
	Rosalba Belibani and Deborah Lefosse Social housing: how Covid-19 has affected/infected and what care/design strategy is needed
	Fjolla Ibraimi Inclusive education in Macedonia-analysis of the current situation and identification of architectural barriers
	Arta Jakupi, Diellza Hajrizi and Dukagjin Zeka Rehabilitation of soil through botanical gardens as a useful interplay between learning spaces and healthy places in urban environments
	Andrea Čeko Planning and Designing the Mediterranean Games in Split – From Sports to Health Legacy of a Host City
15:40 – 16:00	Conclusion of sessions Florian Nepravishta, Discussant
16:00 – 17:20	Session 4 “Healthy engineering” Chairpersons: Maja Roso Popovac and Samir Lemeš
	Ernad Bešliagić, Kenan Varda and Kemal Veledar Thermal energy tariffing model for energy efficiency
	Merima Salčin, Venera Simonović, Senada Demirović Habibija and Merima Zilić Ethics system of individual family dwellings in Bosnia and Herzegovina
	Milana Ilić Mićunović, Milica Novaković, Igor Budak, Đorđe Vukelić and Boris Agarski Analysis of product's design health impact using daily method
	Iva Muraj Sustainable Redesign of Existing Buildings in the Context of a Graduate Course / Improvement of Life Quality of Inhabitants
17:20 – 17:40	Conclusion and discussion Đorđe Nikolić and Boris Agarski, Discussants
17:40 – 18:00	Closure of day 2
