

BuildUp Sarajevo

Regenerating old and unused buildings in Sarajevo
Anastasia Rogacheva, Muharem Mujkic & Igor Zaric
Problem analysis

Ownership issues

How should the building be reused?

Can it be reused at all?

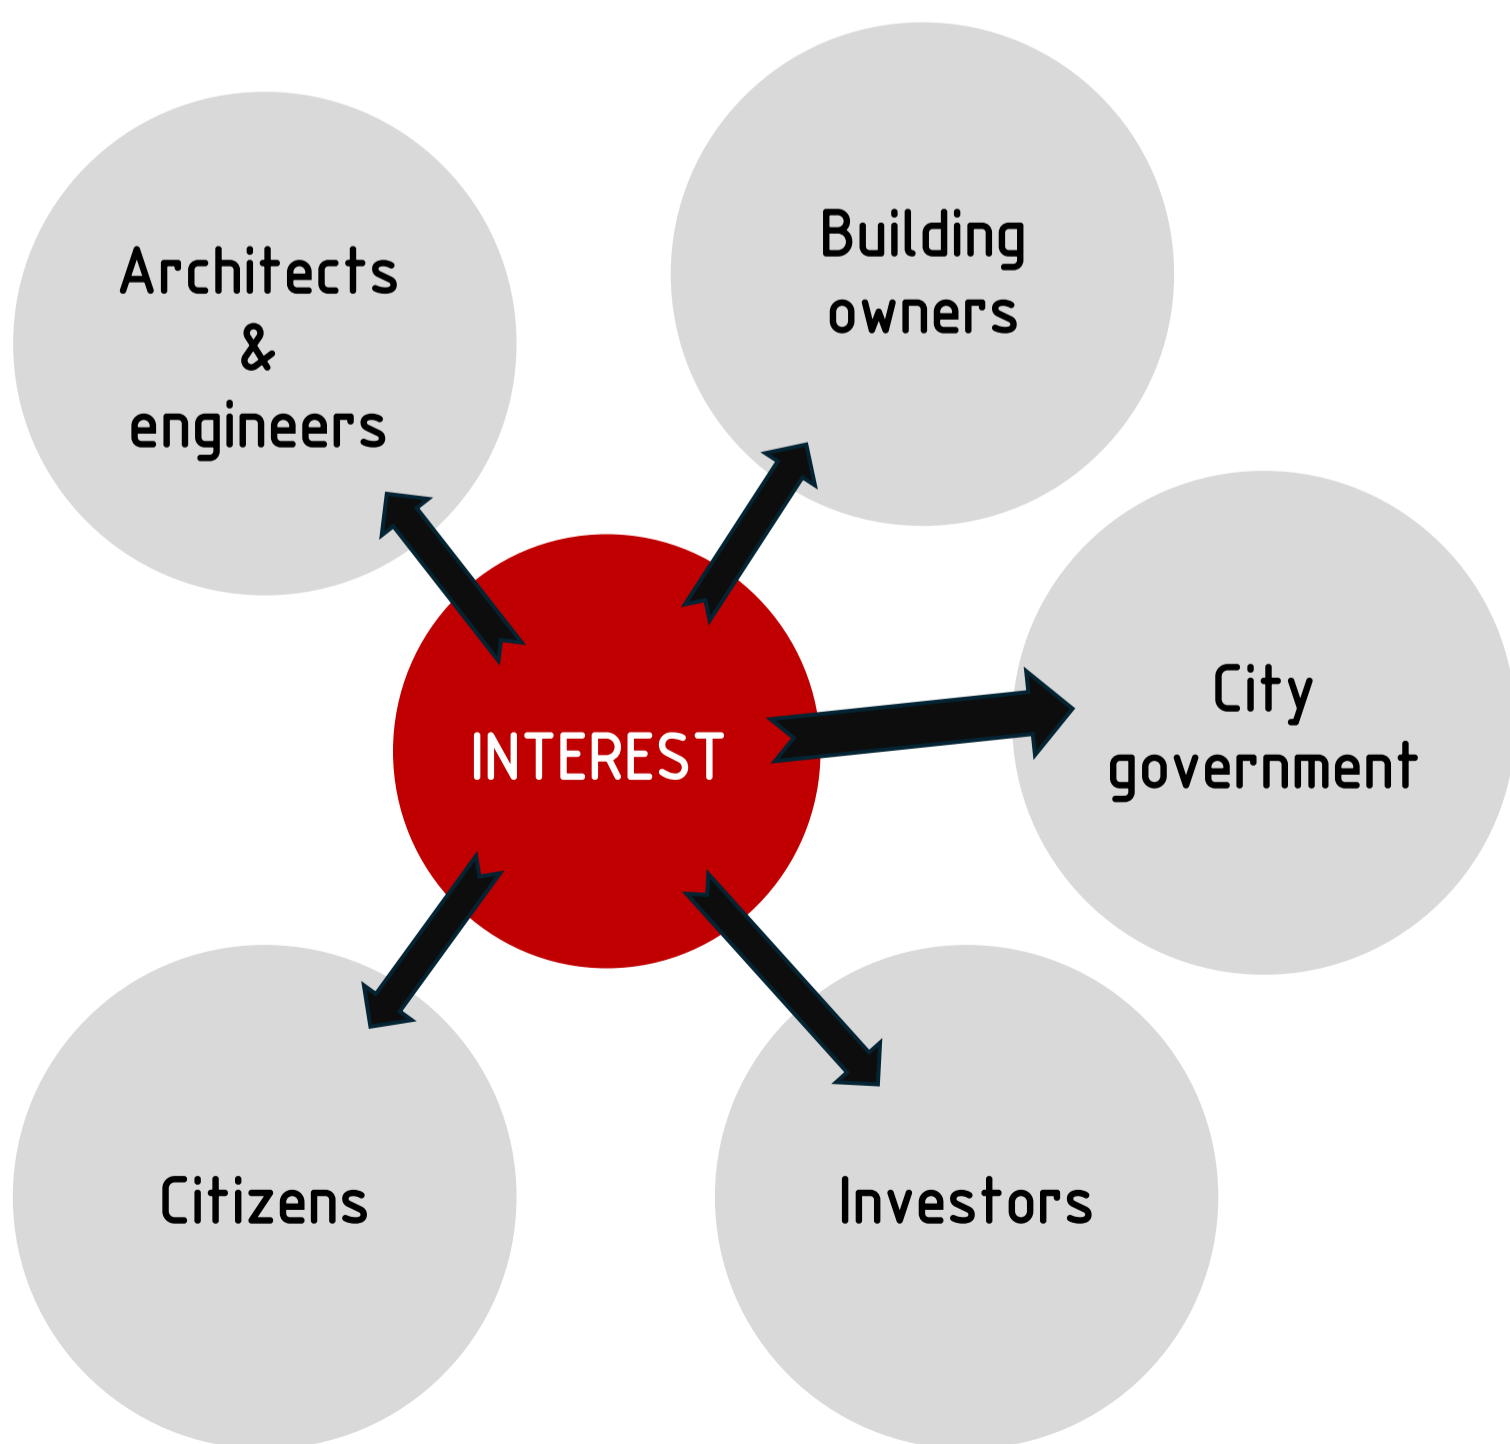

Where should the funds come from?

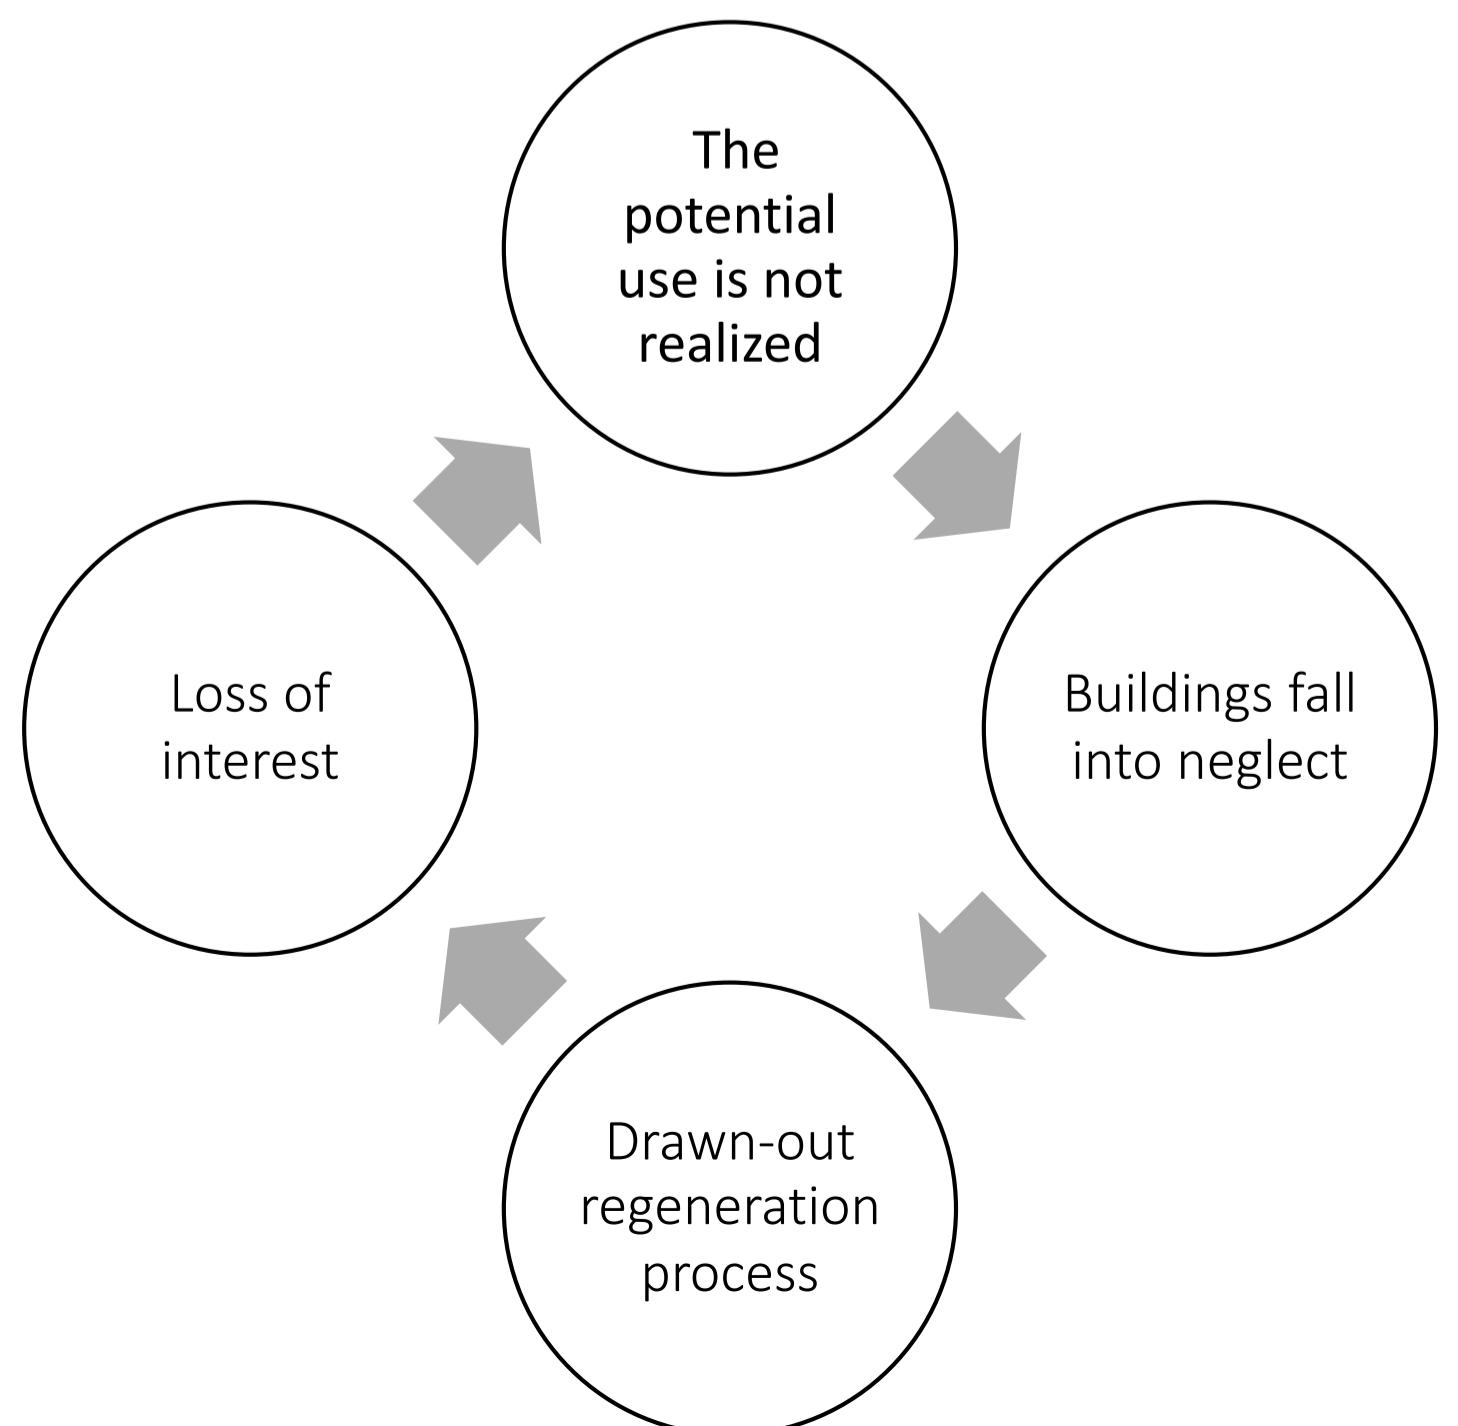

Aspects of the problem

"The vicious cycle"

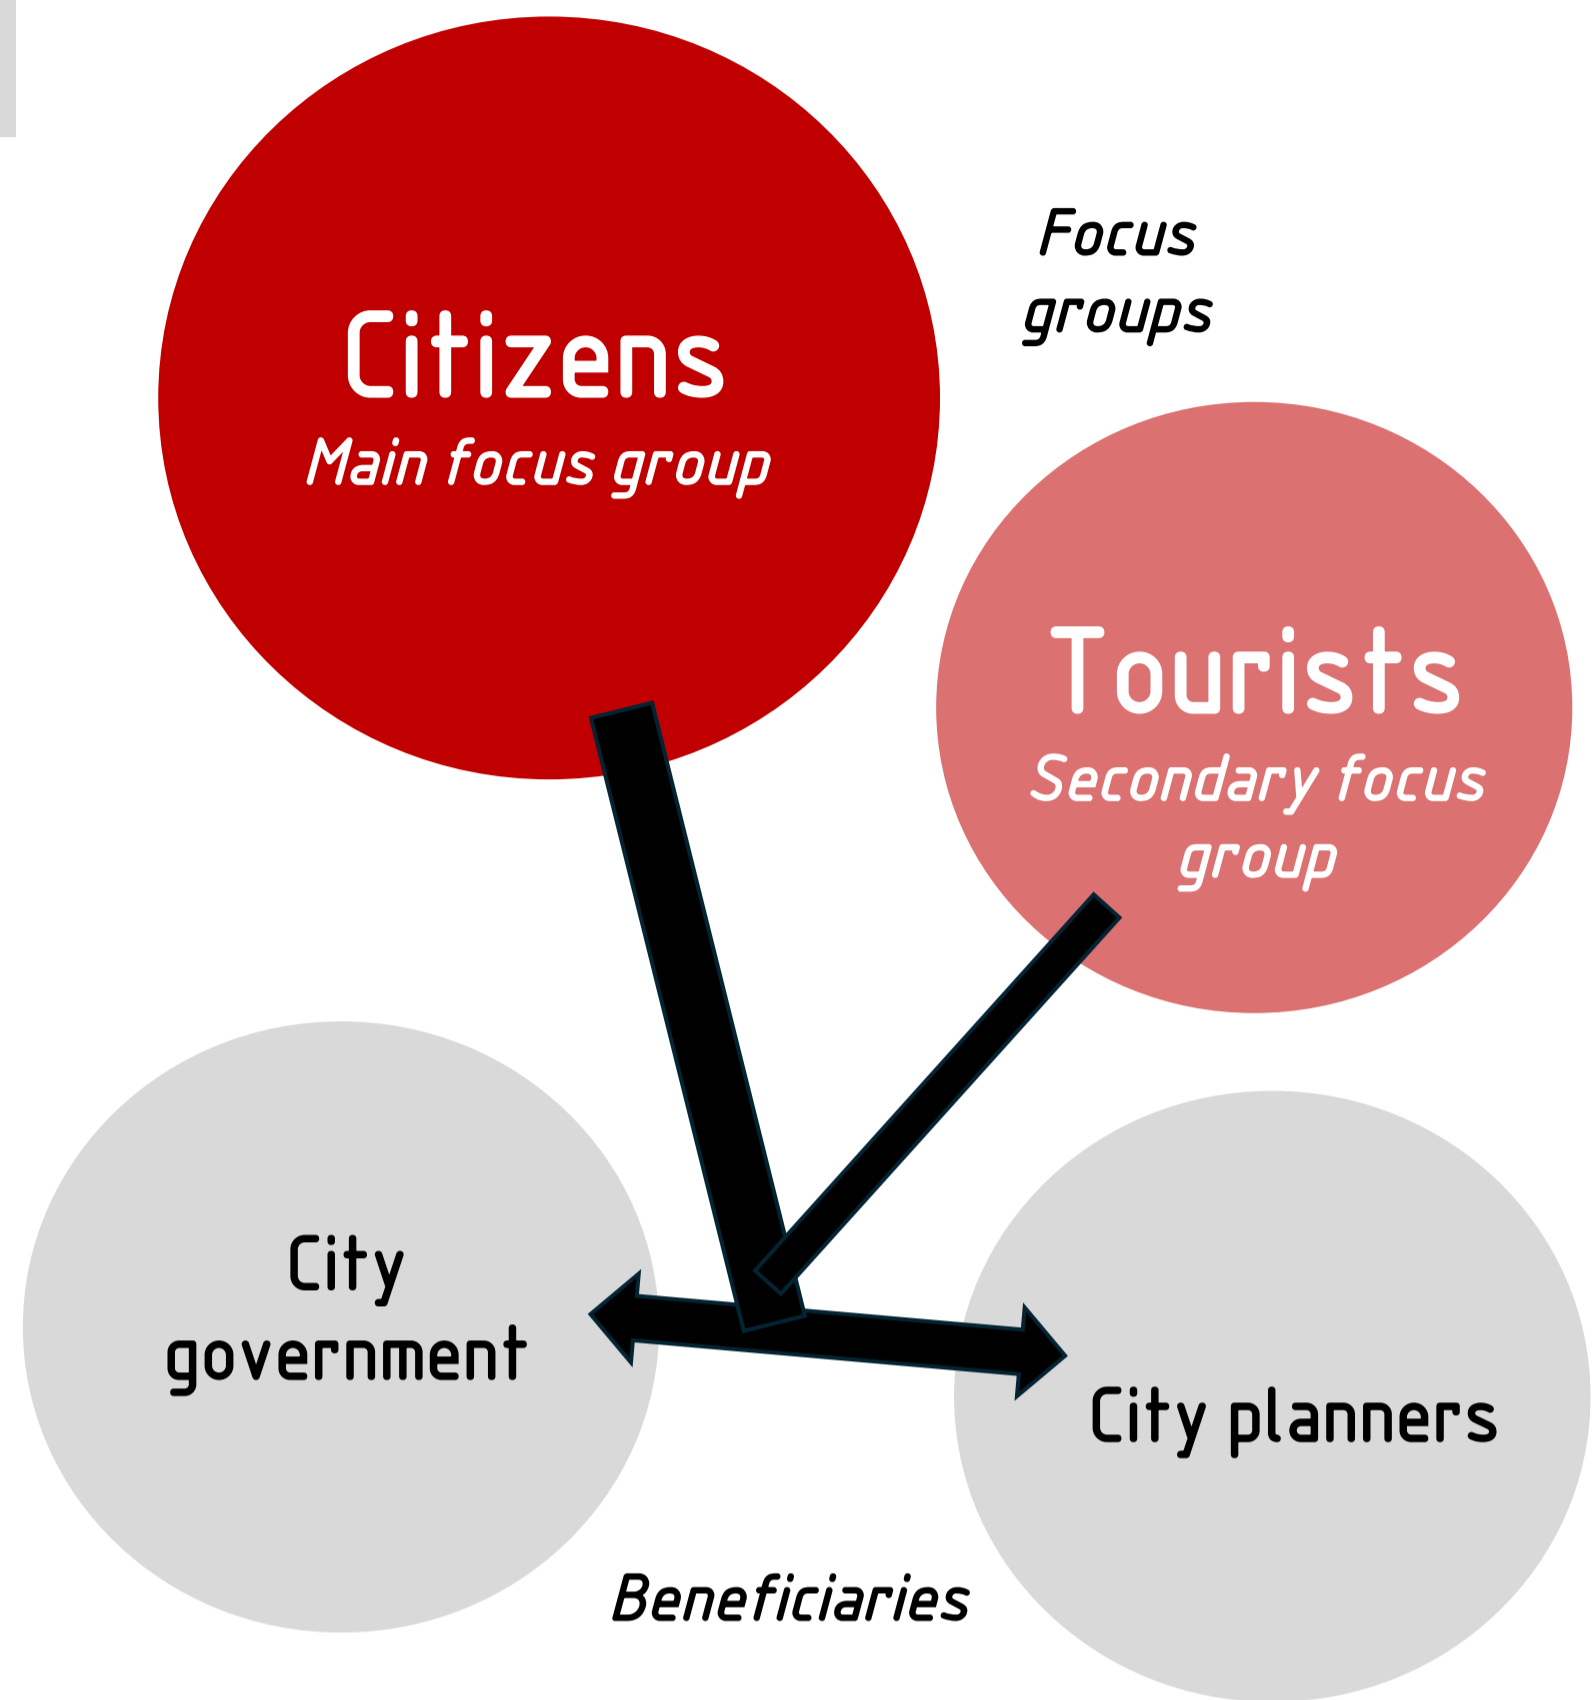

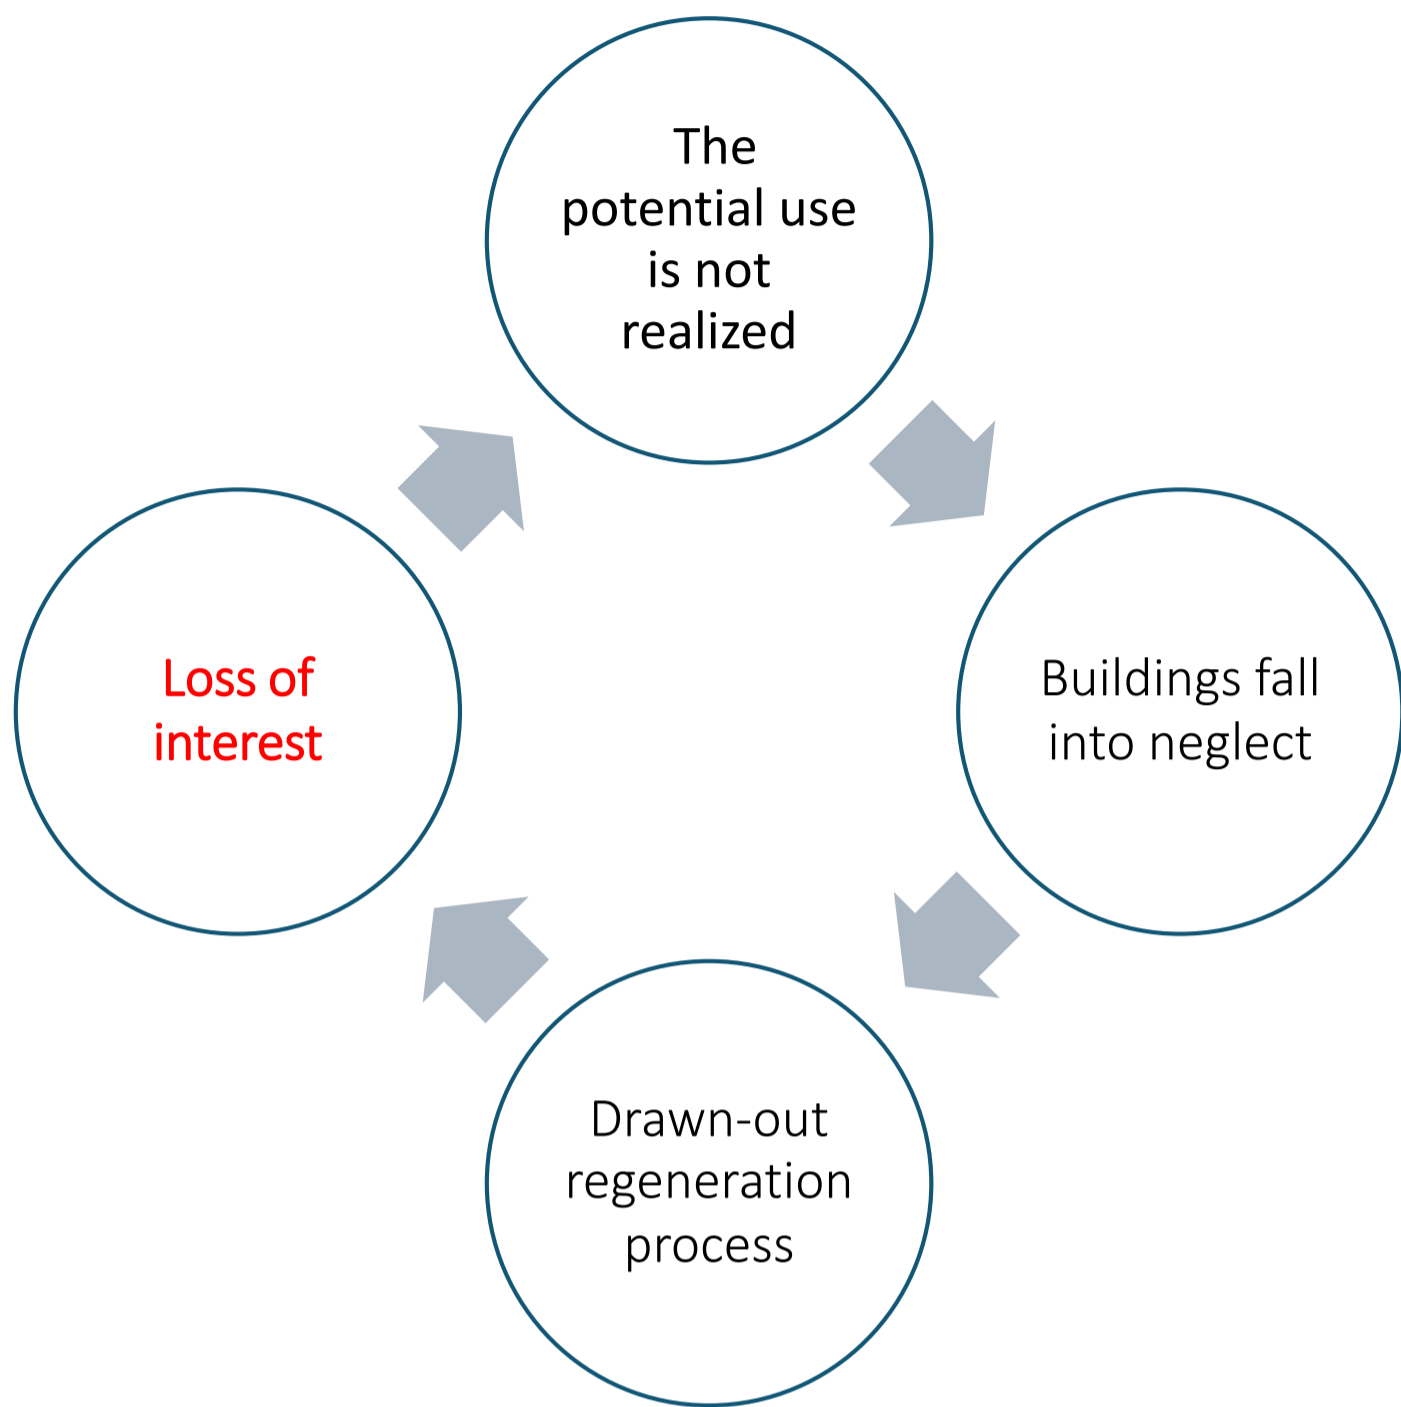

Stakeholder groups

Problem statement

What?

Who?

How?

Pre-planning phase

Planning phase

Regeneration phase

Reuse

EDUCATION

Collecting and distributing stories about the buildings in disrepair

RAISING AWARENESS

Putting the public focus onto the historic and cultural significance of the buildings

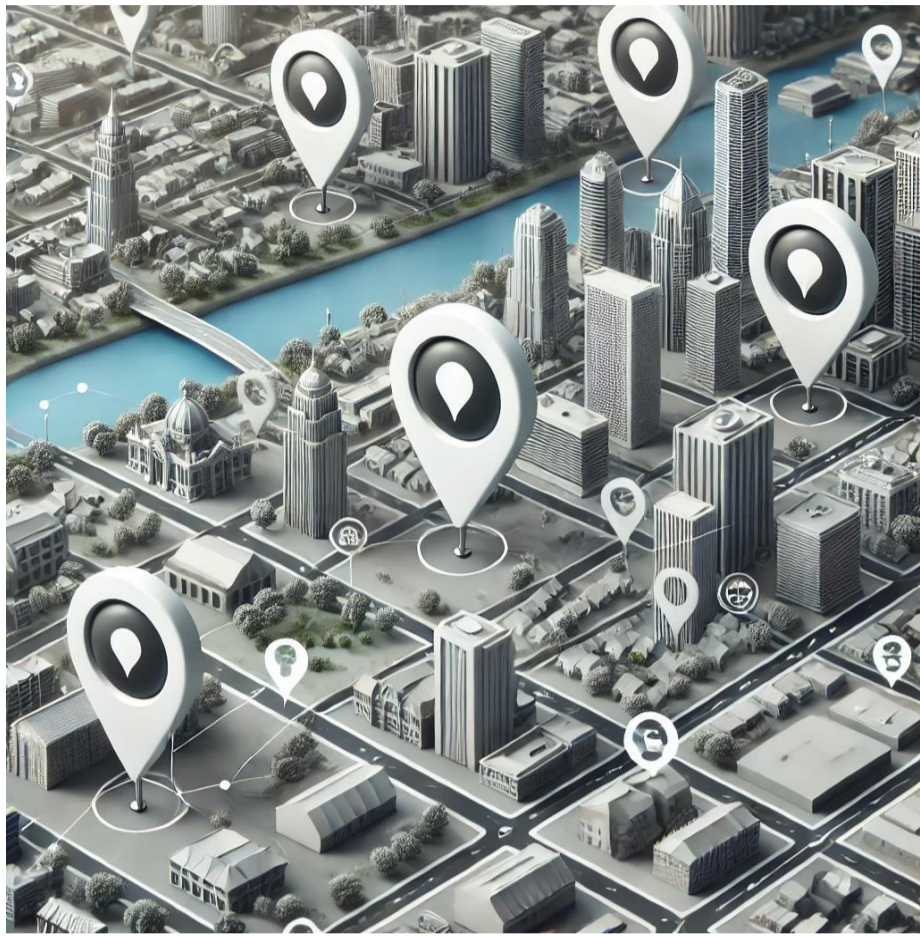

BUILDING A COMMUNITY

The goal: making the people feel more connected to and responsible for the buildings

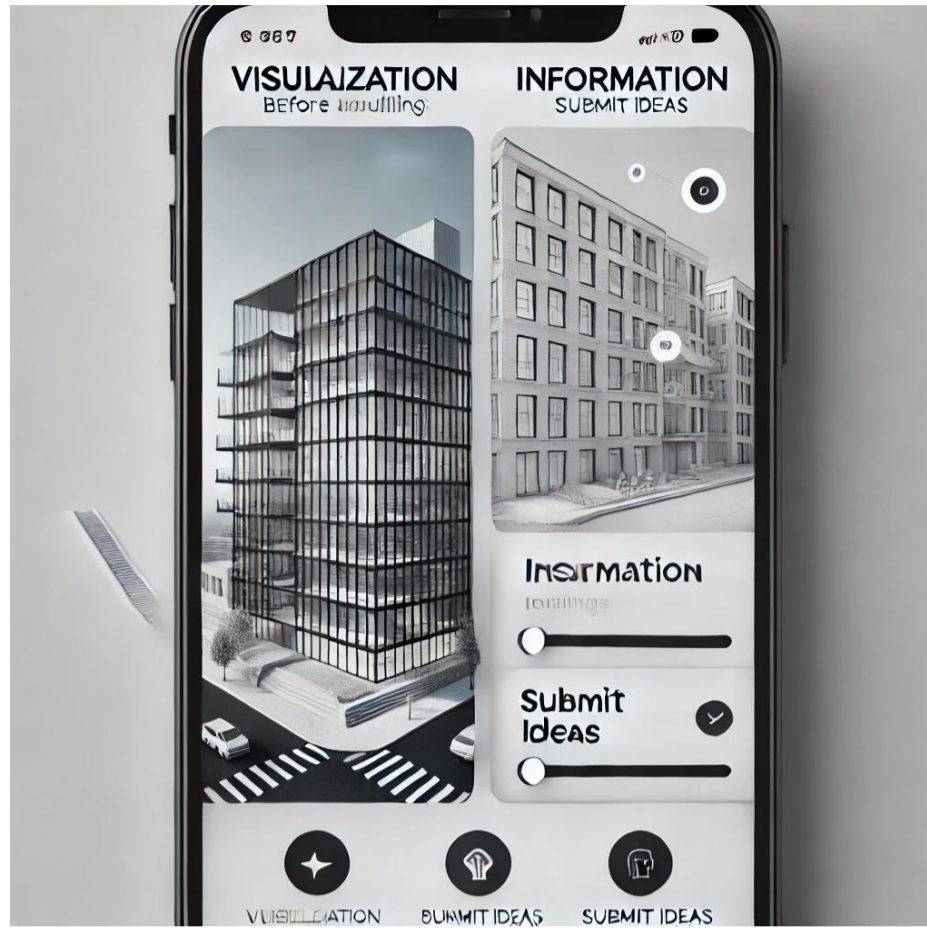

When?

Prototype 2

With **BuildUp Sarajevo**, tourists and citizens alike can discover the history of old buildings, explore their revitalization, and learn about future plans, all while navigating the city.

With **BuildUp Sarajevo**, users can choose between different menu options, such as detailed information about historic buildings or visualizations showing potential future renovations.

With **BuildUp Sarajevo**, you can use a slider to compare how old buildings used to look, how they look now and how they could appear after renovation, offering a glimpse into their future transformation.

Prototype visualisation

PHASE 1

Initial set of buildings

Raising interest and awareness

PHASE 2

New buildings added or proposed

Voting and idea sharing functionality

PHASE 3

Pocket guide for tourists

Online public hearing platform
